Section 1. Handling of cash related transaction

1.1 Beginning of Day (BOD) Procedure to be followed at Branches.

- Teller/ Cashier should be present at branch 15 minutes' prior of branch business time.
- For taking out cash from the vault, both the custodians should be physically present and open the safe with their respective set of keys. This should be mandatory activity as Beginning of the Day(BOD). Subsequently, when cash is moved to or from the cash vault the same should be done under dual operations of Cashier and checker. The door of the cash vault room should always be locked under dual control. **Branch should purchase suitcase, and cash should be brought in lock and key to and from vault to the cash counter. Also branch premises should be locked from inside and branch security guard should stand outside the branch to supervise during the process.**
- Access to the cash area is restricted and only the respective cashier has access to cabinet during banking hours. The cash vault should be ideally placed inside the strong room as an enhanced safety precaution. The cabinet should always be kept locked during banking hours. Every instance of access of cash vault shall be recorded in Vault Access Register. Cashier will be responsible for the safety and security of cash. Cash limit to be withdrawn from the vault during BOD should not exceed 5% of the retention limit unless there is huge demand for cash withdrawal, cash required for ATM replenishment, or cash pickup by a cash management agency. The cash must be withdrawn from the vault no more than one hour prior to such type of the transaction else only 5% of cash should be withdrawn from vault.
- The Branches should retain the Cash as per the Cash retention limit specified by the Consumer Banking Department approved by Head of Consumer Banking.
- Cash vault should be opened by teller/cashier with two set of Keys i.e Set 1 Keys and Set 2 Keys in the presence of both custodian of keys. Set of keys should be kept in the custody of specific staff (custodian) i.e. Set 1 keys with Teller/cashier and Set 2 Keys with BOM/ Branch In-Charge. Cashier will tally opening physical cash balance in the cash vault with cash position of the previous day EOD.
- Teller / Cashier's physical cash should be tallied with GL balance at any point of time during the day.
- Transactional error, if any, to be reported to GRC, Corporate Office. In case P & L is affected then it should be approved by Corporate Office for reversal else the approval can be given by

- BM for Limit upto Rs.5 lakh,
 - >5 lakh to 25 lakh CH approval,
 - beyond 25 lakh approval by HO/ Zone VP and above.
- In every occasion, after movement of physical cash to and from vault at any given point of time, teller/ cashier has to prepare voucher with Cash Paid stamp while movement of cash from Vault to Teller and Cash Deposit stamp while movement of cash from Teller to Vault. The vouchers should be duly signed by the teller and Checker and the same should be posted in system.
 - For exchange/transfer of cash from 1 teller to another - voucher to be prepared and denomination to be written on the reverse of the voucher.
 - In case of handover of case form 1 teller to another – Cash Position Report to be printed and signed by both the tellers.
 - Coins and small denomination notes shall be freely accepted/issued at cash counters.
 - Branches must maintain a minimum number of coins across all denominations, with the total value up to ₹100.

PAYING TELLER UPDATE DENOMINATION AND THE SAME DENOMINATION REFLECT TO RECEIVING TELLER

WINDOW ➡ SUBMIT. **CHEKER**

LEVEL ENTRY

- GO TO DASH BOARD ➡ TELLER ➡ PENDING TELLER EXCHANGE ➡ AUTHORIZE
- Physical movement of cash should be recorded in cash movement register maintained at the branch with proper date and time. It should also specify details about soiled notes, coins etc and the register should be kept in cash vault/cash room. Cashier/Teller and Checker have to keep the cash vault locked with dual set of cash keys at any given point of time.
- Voucher of all the financial transactions done at branch should be prepared by the branch officials. All the vouchers should be arranged properly and serially on daily basis. All the vouchers should be tallied with system entry report (Daily Supplementary Book) and the voucher bunch should be prepared accordingly.
- Cashier (Maker) should update transfer of cash to and from cashier vault in CBS as and when cash is moved and BOM/Branch In-Charge(Checker) shall authorize transfer of cash to and from Vault. Teller/ cashier has to be ready at his counter with the prescribed limit of cash before business hours so that there is no delay in servicing the customers.
- Cashier should keep ready all the required stamps i.e Cash Receipt stamp & Cash Paid stamp with current date, required registers and stationery i.e. Withdrawal Slip register and withdrawal slips.
- Transaction upto Rs.25,000/- shall be posted in the initials of Teller/ Cashier and verified by BOM/Branch Manager (other official) before EOD. The transactions within the teller limits will be a completed entry by the Teller/Cashier. . Verification of such vouchers/entries before EOD should be carried as a 4 eye process by the Checker.
- There may be exceptions in CBS where the 4 eye concept is not in practice due to direct posting of teller limits. Under such circumstances, it will be the responsibility of the Branch In-Charge to ensure that all the vouchers which are posted within teller limits are accurate and are posted to proper accounts. It should also be ensured that there is no difference in cash balances.
- Exceptions in CBS where bulk verification of such teller limits are handled, such vouchers should be procedurally handled by the Branch In-Charge at the time of preparing the voucher bunch.
- Transaction above Rs.25,000/- will be entered by teller/ cashier and should be posted and verified by Checker. Limit defined in CBS
- Hence, every voucher should have a four eye concept with Maker and Checker.

- Surprise verification of Cash shall be carried out at least once in a month by Branch Manager. It should be evidenced in the Cash Movement Register with signature, date & time of verification.
- Also surprise verification of cash shall be carried out by Cluster Manager on Quarterly Basis. For Branches which are not under clusters, quarterly surprise verification shall be done by Branch Manager of other branch in the same region.
- **Exception:**
 - If there is only custodian (either Primary/Backup) in the branch for set 2 keys for a longer duration, due to long leave, resignation/termination, pending for hiring etc the other custodian becomes the only custodian. In such cases, the surprise verification of cash and any other activities cannot be performed by the same custodian.
 - The cluster Manager should seek approval from the Head Office about the non-availability of a second custodian for the purpose of Surprise verification of critical items.
 - In such cases, a BM from another branch in the same cluster should conduct monthly surprise verification of cash.
 - For standalone branches, the Cluster Manager or Assurance Team should conduct quarterly surprise verification of cash.

1.2 Handling of Cash Vault Keys

- Bank is the custodian of public money. Because of its stockpile of money, documents and other sensitive customer information, banks are vulnerable to internal and external threats alike. One of the important aspects to mitigate any such threat is proper handling of the Cash vault keys. An important principle in handling branch keys is dual control/Joint Custody. It is the responsibility of the Branch In-Charge to ensure that Cash vault keys and strong room keys are with two independent staff and any operation is performed invariably in presence of key holders.
- Branches shall record the details of all the critical keys in the KEY matrix.
- Branch Manager should assign the Key custodian and Backup custodian for each type of critical key.
- Keys should be carried by key custodians appointed in the Key Matrix.
- The key custodian will be accountable for the critical key assigned.
- Any movement of keys from one custodian to another custodian should be approved by the Branch Manager.
- Key matrix should be updated in case of changes in Key custodians.

- Key matrix shall be reviewed by Branch Manager and approved by Cluster Manager / Zonal Manager.
- Branches shall maintain the record of movement of the Critical Keys in the Key movement register.
- Any changes in the Key matrix shall be updated in the Key movement register.
- Key movement register shall be reviewed by the Branch Manager weekly.
- The Cluster Manager/ Zonal Manager should review the Key Register during their visit to branch on Quarterly Basis.

Cash Vault Keys:

- There are two sets of Cash Vault Keys. One set is kept at the branch, while the other set is lodged at the nearest branch or bank.
- Each set contains two separate set of keys, and the Cash Vault can only be opened using both sets of keys.

1st Set

VAULT MAIN DOOR	Key-A1, Key-B1
VAULT GRILL DOOR	Key-1

2nd Set

VAULT MAIN DOOR	Key- 2
VAULT GRILL DOOR	Key-2

- According to the above table, branches shall maintain two sets of Cash Vault Keys i.e Set 1 Key and Set 2 Key
- It is advised that the CSE can carry the 'Set 1 Keys' and the BOM/ BM can carry the 'Set 2 Keys'.
- Set 1 and Set 2 Keys should not be carried together by any custodian at any point of time.

1.3 Movement of Cash

1.3.1 Cash pickup/ drop from Agency

Bank has a tie up with ICICI Bank and SBI Bank for movement of cash i.e cash pick up and cash delivery for all branches.

Branches will monitor Vault Cash Balances and ascertain the amount of excess/ requirement of Cash on a daily basis.

If there is Excess / Requirement of Cash, Branch will raise a request for Cash Pick Up/ Delivery by sending email to the designated agency under intimation to the CPC Team.

Once the request is raised on e-mail, Branch staff will seek telephonic confirmation from the authorized officials of the Agency for having received the email.

On receiving request from the Branch, Payments Operations Executive will update the **Cash Pick-up Tracker**.

On the day of pick-up, Branch will co-ordinate with the Agency for Cash Pick-up trip timing.
Branch Teller/ Custodians will count, aggregate, segregate and process the Cash ready as the Clean Note Policy of RBI.

Pick-up agency Custodians will approach the Cash Officer/ Branch Manager of the Branch for pick-up.

If the verification of the Agency Custodian is in order, Branch Cash Custodians will initiate the handover.

Once all Cash is put in the Bag, Serial Number on the special seal used for sealing the Bag will be mentioned by the Branch Teller on the filled in Deposit Pay-in slip.

Branches shall fill the Deposit Pay in Slip properly with Bank Name and SOL ID e.g., UNITYS<SOL>

Agency Custodians will affix stamp on the deposit Pay-in slip for having received Cash “On behalf of State Bank of India”. One copy of the acknowledged pay-in slip will be put inside the bag and the bag will be sealed.

Branch will handover Cash and Agency Custodians will count only the Number of Rims/ Bundles and Packets and put the same in a tamper-proof bag in presence of the Branch Cash Custodians.

Teller/ cashier shall ensure that the cash handover to agency is counted properly with dual control with Sr. Official. Cash to be arranged in proper bundles. Teller/ Cashier and Sr. Official shall check and count every bundle to be handed over to agency and signature of both the officials should be put on every bundle.

Cash-in-Transit Register MUST be updated and fully signed before the handed over Cash leaves the Branch premises.

In case if there is requirement of cash, branches shall raise request to specified agency. Branches shall ensure to check and count the cash, each and every bundle properly with dual control.

Movement of cash should be always carried under CCTV surveillance. CCTV shall be monitored by Branch In Charge.

If during the day excess cash gets accumulated over the counter, then the Teller/cashier and checker shall move the excess cash from cash counter to the cash vault and in case of requirement of cash at counter then teller and checker shall move cash out from vault under dual control. The movement of cash should be recorded in cash movement register. Vouchers should be prepared for every cash movement, and it should be signed by maker and checker of cash entries made in the CBS. **For entry part refer point no. 1.1**

Teller/cashier shall take precautions while moving from his/her cash counter. Teller/ cashier shall lock cash drawers every time when not at the counter as teller is responsible for entire cash in the teller.

If there is change in the custodian during the day, the same should be properly recorded in the form of vouchers with proper handover/takeover of physical cash along with signature of both the custodians.

1.3.2 Cash pickup/drop from another branch

The bank has a tie up with ICICI Bank and SBI Bank for movement of cash i.e cash pick up for all branches. The Bank has also availed the facility of cash drop with ICICI Bank.

In exceptional case or urgent requirement of cash when cash drop agency could not drop cash due to any reason, branches may approach nearest branch for cash pickup.

Process to be followed by branches for cash pickup from another branch is as below:

1. Check the availability of cash at other branches (nearby branch) in coordination with cluster office and the concerned branch.
2. Obtain approval from VP & above at Corporate Office/Zone through Cluster Manager for movement of cash.
3. After receipt of approval for movement of cash, coordinate with the designated branch for cash pickup timing and other details.

4. Send a written requisition to designated branch intimating the names, employee ID and signatures of the staff authorized to pick up cash from the branch.
5. On receipt of written communication for cash, designated branch's Teller/ Custodians shall arrange the cash as per the Clean Note Policy of RBI.
6. While handing over cash, it should be counted by both the teller as well as receiving staff.
7. The process of handover shall take place under the supervision of BOM/BM of the cash dispatching branch and coverage of CCTV camera.
8. Cash in transit register should be updated by the dispatching branch.
9. The signature of the receiving staff shall be obtained on the cash in transit register, and such signature shall be verified against the request letter received from the requesting branch.
10. The entry in the Cash in Transit register should be verified.
11. Cash should be carried in a case / box/ bag under lock and key.
12. Maximum cash to be carried by branch staff should not exceed **Rs.10 lakh** at a time.
13. Cash movement will be carried out in a private vehicle by a minimum of 2 bank officials accompanied by security guard.
14. The dispatching branch shall note down the vehicle number in the "Cash in transit register".
15. Transaction entry of cash handover in CBS system shall be done and authorized by the BOM/ BM.

Transaction -- Cash →

XXXX8052 (Cash in Transit A/c) _____ Dr (Cash Dispatching Branch A/c)

Note: Enter amount of cash movement and narration with name of cash picking staff with pick up branch name.

Upon receipt of cash at branch the following steps shall be taken:

16. Record the receipt of cash in Cash in Transit register.

17. Cash shall be handed over to the teller / main cashier who should count the entire cash.
18. Difference if any shall be immediately brought to the notice of dispatching branch.
19. Responding entry of Cash in Transit - receipt of cash in CBS system. Responding entry should be done on same day of cash pickup.

Transaction-- Cash →

XXXX8052 (Cash in Transit A/c) _____ Cr (Cash Dispatching Branch A/c)

Note: Enter amount of cash movement and narration with name of cash picking staff with dispatching branch name.

1.4 Process of handling Cash deposited over the counter

- Teller/Cashier should take all the precautions while accepting and depositing the cash at counter. Customer may deposit cash himself or any third party representing him.

When customer deposits cash, the pay in slip shall be filled up in all respects. The pay in slip contains the details such as name, account number, branch where the account is maintained, Date and the denomination of cash tendered. The customer can deposit cash either in the home branch where the account is maintained or at any other branch of the Bank.

There are restrictions on cash deposits in accounts maintained at other Branches (Anywhere Consumer Banking - ABB) as mentioned below and will be updated as decided from time to time:

Saving Account: Rs. 50,000/-

Current Account: Rs. 1,00,000/-

Exceptions may be handled by the Branch In-Charge as need be.

- Teller/ cashier shall verify the name and account number of the customer mentioned on pay in slip with CBS.
- Signature of account holder to be obtained on pay in slip and teller / cashier should verify the signature of account holder.

Cash deposit by third party should be restricted up to Rs.50,000/-. **Exceptions may be handled by the Branch In-Charge as need be.**

- The cash should be accepted only when pay in slip is complete in all respects. Each denomination should be checked, ticked off and finally totalled up and posted. The system permits the Bank to post the cash denomination wise. This facility helps in re-checking and tallying the total cash received on a particular day.
- Teller/ cashier shall ensure that the cash received at counter shall be counted properly. Cash Bundles is to be prepared with 100 notes of each denomination and covered with Note Slips.
- Every bundle should be Signed by both the officials / custodian of Cash Vault Keys.
- While making entry of cash deposit in the CBS, the Cashier shall verify the account number, account name, date etc. and shall ensure the transaction is error free.
- Teller/cashier shall verify each and every note to ensure that the notes are not counterfeit or mutilated notes.
- All the currency notes received at counter should be processed through Note Sorting Machine (NSM)
- Branch is required to maintain the record of notes processed through NSM including the number of counterfeit note detected.
- NSM machines are tested for accuracy and consistency on quarterly basis and re-calibrated, if required. A certificate (signed by branch official) is to be maintained for records. Quarterly testing of the same has to be maintained as per format enclosed. If the notes processed through NSM is observed inaccurate or nonsatisfactory, branches should call an engineer for maintenance or recalibration of NSM.

NSM

Recalibration form

- Teller / cashier shall give acknowledgement to customer for deposit of cash only after posting in the CBS.

ENTRY AT CHECKER LEVEL

GO TO DASHBOARD → CASH MENU → AUTHORIZATION → CLICK ON REFERENCE NUMBER – SELECT ACTIVITY (CASA CREDIT / CASA DEBIT) – ENTER AMOUNT, INSTRUMENT NUMBER AND NARRATION ADD AND SUBMIT.

- Transaction should match with the customer profile. If there is variance in the transaction with the customer profile, then branches should enquire further details from the customer and may obtain explanatory letter from the customer if need be. If BM/ BOM is not satisfied with the explanatory letter then in case of any suspicion the branch can raise the case to AML department.
- For the purpose of monitoring, Branch In-Charge is also required to go through the voucher bunch/ Daily supplementary report on daily basis. The Branch may maintain record of the purpose letters obtained with details of high value transactions. Additional documentation if required should be obtained. The branch In-Charge should ascertain suspicious transactions if any and report to AML Team at amlcell@unitybank.co.in
- Transaction entry of cash deposit should be made only after receipt and satisfactory counting of cash.
- Due to the inherent risk, the cash held in the branch needs to be reconciled on a daily basis. This means that the total cash appearing in the Cash Account of the branch should agree with the physical cash held at any point of time during the day. The reconciliation is done by physically counting the cash.

1.5 Soiled /Mutilated notes

- Teller/Cashier may accept soiled/mutilated notes tendered at the counter by the customer for exchange or credit.
- Soiled notes/Mutilated notes should be accepted separately by filling a separate pay in slip.
- Customer should be given acknowledgement for tendering soiled/mutilated notes.
- Record of the soiled note accepted should be maintained in the Soiled Notes Register.
- Monthly report of Soiled / Mutilated noted to be sent to CPC Team via link they have provided.
- At every last week of the month, soiled / mutilated notes accepted on counter to be exchanged at any other Bank Branch providing the exchange facility or deposited at SBI / ICICI Bank where the Unity Bank account is maintained.
- For depositing / exchange of soiled notes with other banks, prior approval from cluster head to be obtained.
- Entry of the soiled notes deposited / exchanged at other bank to be recorded in Cash in Transit register.

1.6 Counterfeit / Forged notes

- During Cash deposit by customers, Teller/Cashier may find counterfeit / forged notes. This can be identified using Cash sorting machine.
- Counterfeit note should not be returned to customer.
- Notes determined as counterfeit shall be stamped as "COUNTERFEIT NOTE" and impounded in the prescribed format.
- Branch should issue an acknowledgement to customer. Receipt should be signed by Teller/ Cashier and acknowledged by customer.
- Teller/ cashier should maintain a record in counterfeit notes register.
- When a banknote tendered at the counter of a bank branch / back office and currency chest is found to be counterfeit, an acknowledgement receipt in the prescribed format must be issued to the tenderer.
- No credit to customer's account is to be given for Counterfeit Notes, if any, detected in the tender received over the counter or at the back-office / currency chest.
- In no case, the Counterfeit Notes shall be returned to the tenderer or destroyed by the bank branches. Failure of the banks to impound Counterfeit Notes detected at their end will be construed as wilful involvement of the bank concerned in circulating Counterfeit Notes and penalty will be imposed.
- In order to obviate complaints regarding dispensation of Counterfeit Notes from ATMs, and to curb circulation of Counterfeit Notes, it is imperative to put in place adequate safeguards / checks before loading ATMs with notes. Dispensation of Counterfeit Notes through the ATMs would be construed as an attempt to circulate the Counterfeit Notes by the bank concerned. This shall also be applicable to White Level ATM Operators in terms of circular DPSS.CO.OD.No.1916/06.07.011/2018-19 dated March 7, 2019.
- Penalty at 100% of the notional value of Counterfeit Notes, in addition to the recovery of loss to the extent of the notional value of such notes, will be imposed under the following circumstances:
 1. When Counterfeit Notes are detected in the soiled note remittance of the bank.
 2. If Counterfeit Notes are detected in the currency chest balance of a bank during Inspection / Audit by RBI.
- For cases of detection of Counterfeit Notes up to four (04) pieces in a single transaction, a consolidated report in the prescribed format shall be sent by the Nodal Bank Officer to the police authorities or the Nodal Police Station, along with the suspect Counterfeit Notes, at the end of the month.
- For cases of detection of Counterfeit Notes of five (05) or more pieces in a single transaction, the Counterfeit Notes shall be forwarded immediately by the Nodal Bank Officer to the local police authorities or the Nodal Police Station for investigation by filing FIR in the prescribed format.

- A copy of the monthly consolidated report / FIR shall be sent to the CPC, Corporate office constituted at the Head Office of the bank.
- Acknowledgement of the police authorities concerned has to be obtained for note/s forwarded to them (both for consolidated monthly statement and for filing of FIR). If the Counterfeit Notes are sent to the police by insured post, acknowledgement of receipt thereof by the police shall be invariably obtained and kept on record. A proper follow-up of receipt of acknowledgement from the police authorities is necessary. In case any difficulty is faced by the Offices / Branches due to reluctance of the police to receive monthly consolidated statement / file FIRs, the matter may be sorted out in consultation with the Nodal Officer of the police authority designated to coordinate matters relating to investigation of Counterfeit Notes cases
- Counterfeit Notes received back from the police authorities / courts shall be carefully preserved in the safe custody of the bank and a record thereof be maintained by the branch / CC concerned. FNV Cell of the bank shall also maintain a branch / CC-wise consolidated record of such Counterfeit Notes.
- Banks shall also monitor the patterns / trends of such detection and suspicious trends / patterns and bring to the notice of RBI / police authorities immediately (& to the AML team of the Bank)
- Branch should send counterfeit notes report to CPC, Corporate Office as per reporting process.
- If no counterfeit notes found during month then branch should send NIL report to CPC, Corporate Office as per reporting process. CPC team will track the monthly reporting.

RBI Master
Circular - Detectio

1.7 Process of cash withdrawal over the counter

Customers, in the normal course of business, withdraw cash from their accounts. In case of individuals, where the amount of withdrawal is less than Rs. 25,000/- the customer may be advised to use ATM/Debit card.

Instruments amounting Rs. 50,000 (Whether for Cash Withdrawal/Transfer/Clearing) and above, should be checked in UV (Ultraviolet) Lamp and branch should write or affix rubber stamp of "UV Verified" behind the instrument. Branch manager shall ensure that the UV lamp is in working condition. If UV Lamp is not functional, branch in-charge is required to write to the Admin Team

There will be restrictions on cash withdrawal from accounts maintained at other Branches (Anywhere Consumer Banking - ABB) as mentioned below and will be updated as decided from time to time:

Saving Account : Rs. 50,000/- Current

Account : Rs. 1,00,000/-

Exceptions may be handled by the Branch In-Charge as need be.

- Cheque should be in order i.e. Date, Payee name, Amount in words and figures, Signature etc.
- Teller/ cashier shall check whether the instrument is filled properly by the customer. He will verify signature of the customer as per records.
- Teller/Cashier should handover cash to customer only after successful posting of the entry in CBS (Withdrawal Transaction).

CASH RECEIVED OR PAYMENT ON COUNTER

ENTRY AT MAKER LEVEL

GO TO DASHBOARD → CASH MENU → POST TRANSACTION → ENTER ACCOUNT NUMBER → SELECT ACTIVITY (CASA CREDIT / CASA DEBIT) – ENTER AMOUNT, INSTRUMENT NUMBER AND NARRATION → ADD AND SUBMIT.

GENERATE TOKEN NUMBER AND REFERENCE NUMBER

ENTRY AT CHECKER LEVEL

GO TO DASHBOARD → CASH MENU → AUTHORIZATION → CLICK ON REFERENCE NUMBER – SELECT ACTIVITY (CASA CREDIT / CASA DEBIT) – ENTER AMOUNT, INSTRUMENT NUMBER AND NARRATION → ADD AND SUBMIT.

- In case if third party comes for withdrawal of cash from customer's account, verify his ID proof or PAN card. Note down ID Card Number, PAN Number and Contact Number behind the cheque. Branch should keep a copy of ID card on record. If Third party is having account with USFB, then write his account number behind the cheque. Notification to be sent to Account holder regarding the transaction by Email or SMS (Automated).
- In case if there are regular withdrawals from third party then branches can obtain one time authority letter from customer on behalf of third party by carrying out due diligence.
- In case of individuals as well as others who desire to draw cash from the Bank, there are certain restrictions on cash withdrawal. They should give prior intimation if the withdrawal is beyond cash withdrawal limit:

- The branches should follow the limit for cash intimation for the purpose of withdrawal as mentioned below. The limit of withdrawal should be displayed in the branch.

Current Account - Self Withdrawal Rs. 1,00,000/-

Saving Account - Self Withdrawal Rs. 50,000/-

- In exceptional circumstances, the Branch In-Charge may allow withdrawal of cash without prior intimation.
- The withdrawal limit should be revised from time to time and handled by CPC, Corporate Office. Branches should keep a record of such intimations and inform the department so as to ensure proper distribution of cash in branches.
- Customer should give prior intimation before one or two days for withdrawal beyond limit.
- Teller/ cashier will keep record of the customer intimations in Cash Intimation book.
- In case of transaction above teller limits of Rs.25,000/-, cash to be handed over & customer to be released only after the checker authorizes the transaction in Turing CBS.
- In case of transaction above Rs.2,00,000/-in cash, BOM / BM should sign the voucher.
- Teller/ cashier paying the cash shall apply cash paid stamp on instrument.
- Teller/ cashier will check position of cash i.e requirement of cash/ Excess cash according to Cash position in vault and Customers Intimation as per process mentioned in point no. 5 -Movement of Cash.

1.8 Maintenance of Bait Money

- Bait money cash should be maintained in minimum two denominations and serial numbers should be noted in separate Bait money register. The currency should be changed at least once in a month.
- Same denominations (bundle) can be used with different serial numbers noted in bait money register.
- Bait money register should be signed by CSE and BOM/BM.
- Branch has to maintain 2 types of Bait money:
 - **Loose Cash Bait money** - AT BOD, teller shall withdraw loose cash alongwith bait money. Minimum 8 to 10 serial numbers of any two higher denominations to be noted in bait money register and not to be used for payments.

- **Double lock (vault) Bait money** - Minimum ten serial numbers to be noted of two different denominations in bait money register. These two bundles to be kept separately in cash vault under lock & key during the day.

1.9 Issuance of Withdrawal slips for cash withdrawal

- **The use of loose cheques will be discontinued with immediate effect.**
- **"Withdrawal slips are available exclusively for savings account holders only."**
- **For Current Accounts, withdrawal shall be allowed through Cheque Book.**
- If a customer visits the branch in person without a cheque book, they can withdraw cash Maximum upto Rs. 10,000 /- using withdrawal slips with the approval from the Branch Operations Manager (BOM) or Branch Manager (BM)
- If cash withdrawal is required above the specified limit under exceptional circumstances as mentioned below, branches may allow the use of withdrawal slips with the approval of the Cluster Manager / Zonal Manager:
 - Account holders with thumb impressions
 - Accounts where cheque books have not been issued
- Withdrawal slips should be in the custody of the BOM/BM only and cashiers are not allowed to be in possession of the same.
- Before issuing withdrawal slips the BOM/BM should assess the need and check whether the customer has taken a regular cheque book or not. If not, the application for a regular cheque book should be insisted upon. The customer should also be insisted to apply for Debit Card.
- The BM/BOM should also ensure that there is no regular practise of the customer to ask for withdrawal slips. Only one withdrawal slips can be issued to customer in a day. Hence while issuing withdrawal slip, BM/BOM shall check the account transactions.
- Withdrawal slips can be issued for withdrawal from the Home Branch or can be issued from the Non-Home Branch.

- While issuing withdrawal slips to customers, KYC updation should not be due.
- BOM should maintain a record of withdrawal slip issued to customer in register. Signature / Thumb impression of the customer to be obtained in the register and verified by the BOM.
- Withdrawal slips are to be used exclusively for cash withdrawal transactions. These should not be utilized for any other types of transactions.

In cases where a customer approaches the branch in person for the opening of a Fixed Deposit (FD) or Recurring Deposit (RD) account, or for processing NEFT/RTGS transactions, there is no requirement to obtain a cheque. This is because the necessary debit mandate is already included in the NEFT/RTGS form and the Term Deposit account opening form.

1.10 Handling of High value cash transactions

Teller/ Cashier shall take precautions while handling High value cash transactions.

While doing transactions above limits, the teller shall check whether the KYC of the said account is compiled or not. And if KYC is not complied latest KYC of customer shall be obtained and updated in the system before doing transaction.

Notification to be sent to Account holder regarding the transaction through Email or SMS (Automated).

Acceptance of PAN / Form 60:

PAN CARD:

PAN shall be obtained from the customer for cash transactions above Rs.50,000/-. **If a PAN card is already available in banks' records, then there is no need to obtain it again.**

Form 60:

As per Rule 114B of the Income-tax Rules, 1962, Form 60 declaration to be filed by an individual or a person (not being a company or firm) who does not have a permanent account number (PAN) and deposits cash amount exceeding Rs 50,000 in one day.

For every cash transaction of Rs.50,000/-, it is mandatory to obtain form 60 declaration.

In the case of Minor: - Minors can obtain a PAN if their parents or guardians apply for it on their behalf. However, if a minor doesn't have a PAN card but engages in a transaction that necessitates a PAN, either the PAN of the parent/guardian or Form 60 can be submitted. In such case, Form 60 shall be signed by the natural guardian.

Branches shall monitor the cash transactions for the below:

Saving Account - Rs. 5 Lakh and above Current Account – Rs.10 Lakh and above

When a customer approaches branch for cash transaction for limit as mentioned above, the teller at cash counter shall follow the below guidelines:

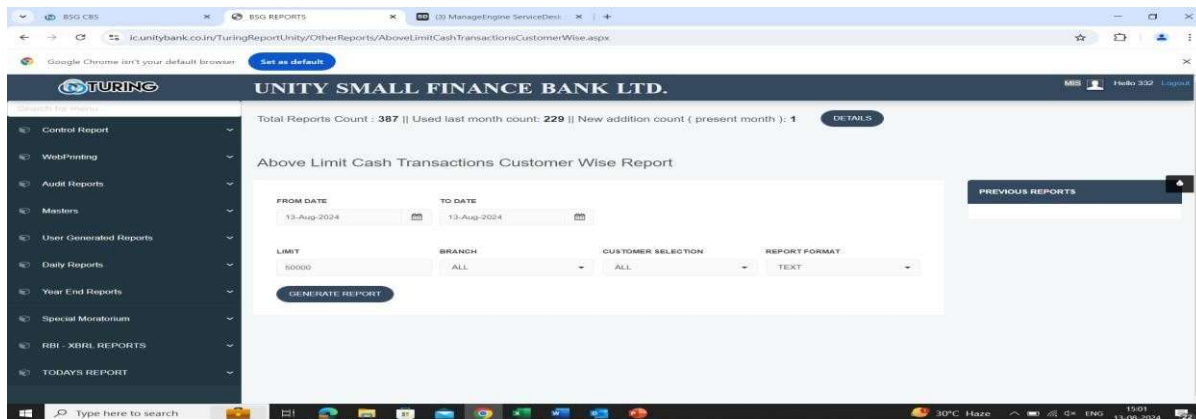

- a. Check the customer profile.
- b. If the transaction matches with the customer profile, then the transaction can be allowed.
- c. If there is variance in the transaction with the customer profile, then branches should enquire further details and shall obtain a purpose letter from the customer.
- d. The record of the purpose letter obtained shall be maintained in the High Value Transaction Register with the customer's signature.
- e. The Physical purpose letters shall be maintained in the branch in a separate file.
- f. If BM/ BOM is not satisfied with the details mentioned in the purpose letter or customer is denying submitting purpose letter, then in case of any suspicion the branch can raise the case to AML department.

Branches shall follow the above-mentioned guidelines where they find overlimit cash transactions over the counter as well as transactions done by customer in the ATM/ Recycler machine.

Branches shall monitor the cash transactions done by customer on the counter as well as in the ATM/ Recycler machine on daily basis by generating the report in CBS "Above Limit Cash Transactions Customer Wise Report"

"Above Limit Cash Transactions Customer Wise Report" is available in CBS :

Integrated Channels-⑦ Reports-⑦Above Limit Cash Transactions Customer Wise Report

The screenshot displays the web application interface for Unity Small Finance Bank Ltd. The browser address bar shows the URL: `ic.unitybank.co.in/TuringReportUnity/OtherReports/AboveLimitCashTransactionsCustomerWise.aspx`. The application header includes the bank's name and a user profile for 'Hiba 332'. A summary bar indicates: 'Total Reports Count : 387 || Used last month count: 229 || New addition count (present month): 1'. The main section is titled 'Above Limit Cash Transactions Customer Wise Report'. It features a form with the following fields: 'FROM DATE' (13-Aug-2024), 'TO DATE' (13-Aug-2024), 'LIMIT' (50000), 'BRANCH' (ALL), 'CUSTOMER SELECTION' (ALL), and 'REPORT FORMAT' (TEXT). A 'GENERATE REPORT' button is located below the form. A 'PREVIOUS REPORTS' button is also visible on the right. The left sidebar contains a navigation menu with options like 'Control Report', 'WebPrinting', 'Audit Reports', 'Masters', 'User Generated Reports', 'Daily Reports', 'Year End Reports', 'Special Moratorium', 'RBI - XBRL REPORTS', and 'TODAYS REPORT'. The Windows taskbar at the bottom shows the date as 13-08-2024 and the time as 10:01.

1.11 Handling of Excess Cash beyond CRL (Cash Retention Limit)

- Cash is an idle asset. It needs to be deployed effectively. Thus, each branch is allotted an overnight cash retention limit and this limit is arrived at by Consumer Banking, Corporate Office from time to time based on the average cash transaction of each branch.
- All the branches are given cash retention limit as per their daily cash transactions. Branches shall follow the guidelines and maintain their cash retention limit.
- Whenever the branch holds surplus cash over and above the cash retention limit or in case of any cash requirement, details are specified under point 1.5 Movement of Cash.
- Cash balances in the branches will be monitored by CPC, Corporate Office also. Cluster Manager's are also required to monitor the branch wise cash balances and ensure that the branches do not retain excess cash above the CRL. Branch Manager is responsible for ensuring that the cash is retained within CRL on daily basis.
- In case CRL is exceeded due to bulk cash deposit or cash not picked up by Agency on the same day or next working day, branches should obtain approval from the cluster manager for Breach of CRL (Cash Retention Limit) and follow up to be done with the agency for cash pick. If the cash is not picked up by the Agencies on next working day, every day branch should seek a permission from cluster manager till the Branch Cash Position comes within the CRL.
- Cash to be handed over to agency under dual authentication and entry in CBS system. Also proper record of cash movement to be maintained in the Cash In Transit register at branch and confirmation to be sent to related authorities of agency or CPC, Corporate Office.

1.12 Enhanced monitoring on cash remittance to outside branch for Special Events

- Movement of cash outside branch should be avoided in Special circumstances like Bandh called by political party, riots, any other natural calamities. In case of any unavoidable circumstance care should be taken for security of cash, persons who will carry out cash.
- Vehicle used should be closed vehicle. Use of Motor bike or auto rickshaw are prohibited. Vehicle number should be noted in cash movement register.
- Details of branch officials and Armed Guards carrying cash such as name, Employee Code, contact number shall be based on quantum of cash as decided from time to time and the same should be noted in cash in transit register.

1.13 Petty Cash management

- Bank staff should withdraw/exchange their Coins for their day to day expenses. Branch can maintain Petty Cash in a separate box within specified limits as defined from time to time. Petty Cash register to be maintained and small immediate payments to be made after obtaining approval from Branch In-Charge. However, the approval for closure of Petty Cash in the month end and posting respective entries to the expenses account should be carried after approval of Cluster Manager or Consumer Banking, Corporate Office.
- Branches are permitted to maintain a "Petty Cash A/c." upto Rs.10,000/-. The expenses incurred under petty cash should be accounted for on monthly basis.
- Branch Expenses upto Rs.2000/- to be done and recorded in Petty cash register by teller. Monthly Branchwise Petty cash limit will be provided by Corporate Office from time to time.
- Amount of Petty Cash will be kept in separate Petty cash Box.
- Maximum limit for cash payment from petty cash should be upto Rs.2000/-
- **All payments from petty cash above an amount of Rs. 500/- will be paid only on the basis of submission of relevant bills/invoices.**
- Small amount payments will be done in cash from petty cash **I.e Postage, garland, newspaper, stationery etc. Bills/Invoices should be obtained if possible.**
- Petty cash register to be maintained by the teller. Petty cash should be tallied and closed at the end of the month.
- Payments made for office expenses or vendor payment in cash should not exceed Rs.20,000/- p.a for single vendor. Branches should maintain the record for the vendor payment so that the yearly limit of payment to single vendor could not be exceeded.

Petty Cash Handling Guidelines for Teller:

Withdrawal and Storage:

At the beginning of the month, withdraw Rs. 10,000/- from the Petty Cash Account (XXXX8689, where the first four digits represent the Branch ID).

Store the withdrawn amount in the petty cash box.

Recording Expenses:

Record each cash payment made to staff for expenses incurred, specifying the expense head, staff name, signature, and particulars of the expense.

Ensure payments are made only after obtaining approval from the Branch Incharge.

Monthly Closure:

At the end of the month, tally and close the petty cash.

Sum up all entries made in the petty cash register under each expense head.

Approval and Posting:

Send the total expenses incurred through petty cash to the Cluster Manager/Zonal Manager for approval.

After receiving approval, post the entries in the CBS under each expense head as per the total amount.

Remaining Cash:

Deposit any remaining cash in the Petty Cash Account.

Ensure the petty cash account is tallied after posting all entries.

1.14 Cash Payment above Rs.2,000/- for branch purpose

- Expenses above Rs. 2000/- will be paid by debiting the respective expenses heads like office expenses, general expenses, postage etc. Upper payment limit will be defined from time to time by Corporate Office.
- Payment of all such expenses should be done through Cash payment voucher. Payment of Rs.5000/- and above will be done by affixing revenue stamp after authentication of Branch In-Charge / Manager.

1.15 List of items to be kept in Cash Vault

- Branches should maintain cash vault properly and neatly. Branches should ensure that no other items except cash shall be kept in cash vault.
- Alternate Set of Keys of other Branch can be kept in the cash vault.
- Other sensitive stationery i.e Demand Draft, Pay order, Stamped documents if any, Locker Keys of Surrendered and Un-utilized Lockers, any valuable article found at branch premises etc. should be kept under FRFC (Fire Resistant Fire Cabinet) under dual control.

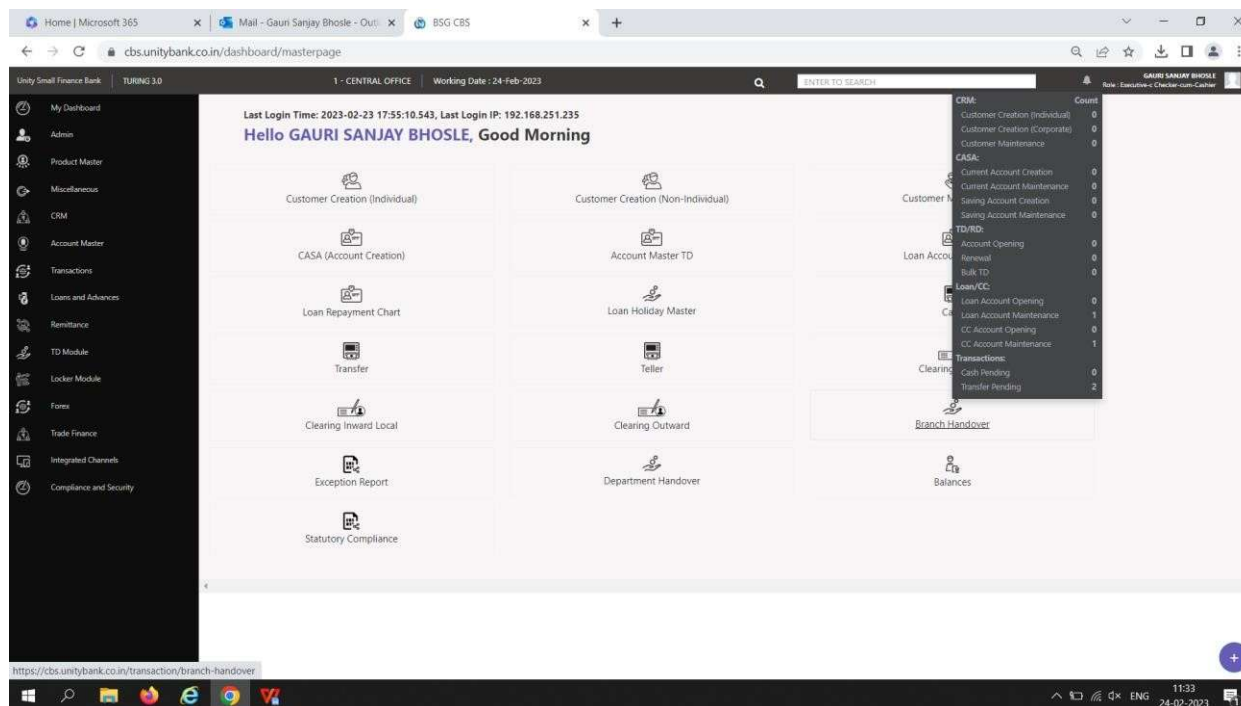

1.16 Digital Vault at Branches

- There is a Digital Vault at some Branches. Cash should not be maintained in such Digital Vault unless specific instructions is issued from Corporate Office.
- It is advisable to keep the Digital vault in Strong Room.
- The digital vault should also be handled under dual custody.
- The password for handling Digital vault can be split between two custodians for safety measures.
- In case of branches providing extended banking hours, the master key of Safe Deposit Locker can be kept in the Digital vault.

1.17 End of Day (EOD) Procedure

Procedures to be followed by teller at the time of EOD

- All cash transactions should be posted and verified. Click on bell icon as per below for any pending transaction for verification.

- Physical cash should be tallied with the cash position as per the GL balance.
- Closure of cash should be completed within 30 minutes of branch business closure time i.e if the business hours are from 10 a.m. to 5 p.m., then the cash closure activity should be completed before 5.30 pm.
- If there is delay in closing the cash due to any unforeseen circumstance, then the same should be reported to the respective Cluster Manager and approval of the Cluster Manager should be kept on record.
- In case excess/ shortfall of cash is reported by Teller/ Cashier, all vouchers / transaction handled by the concerned staff should be scrutinized. Cash should be recounted and then difference should be declared / informed.
- The cluster manager should monitor the number of instances of any delay for cash closure and branch handover. The reason for the persistent delay is to be located and precautionary measures are to be adopted to overcome the root cause with the help of Cluster office or Consumer Banking Team, Corporate Office. Record of such instances should be documented branch-wise by Cluster Office and reported monthly to Consumer Banking, Corporate office.
- **In case of excess cash** received by the Teller, Branch should check the vouchers and locate the difference and same should be reviewed by BOM / BM. If difference not located then the excess cash amount shall be parked in "Excess Cash" Account XXXX71131000056 with the approval of BOM / BM. Difference should be located within 2 working days. If unable to locate, ensure to inform the Cluster Head under copy to Consumer Banking, Corporate Office with efforts and reasons. Amount not located for more than 10 years will be transferred to DEA Fund (DEAF).

- **In case of short cash**, proper review and checking of vouchers to be done by Teller and same should be reviewed by BOM / BM. If short cash not located the amount is recovered from the respective cashier who has handled the transaction by EOD. The short amount be debited to “Short Cash” Account XXXX85131000017 with the approval of BOM/ BM and then the same should be nullified by recovering from the Teller. Short cash deducted should be reported to the cluster manager on the same day.
- Short Cash should be recorded in Cash Movement register, which should be ratified by the Branch manager stating short cash received by Teller and the amount has been reversed/recovered.
- If short cash is located, the amount shall be recovered from the respective Teller who has handled the transaction. The short amount will be debited to “Short Cash” account and then the same should be nullified by recovering the amount from the Teller on same day before EOD (End of the Day) if the difference is not located or not recovered from the customer.
Any short cash amount could not be recovered on the same day till EOD, it should be reversed by next working day. An undertaking should be obtained from the Teller for repaying the same.
- In exceptional case, where the short cash amount could not be recoverable by next working day then branches should send the approval note to Cluster Head for their approval. After obtaining approval, branches should reverse the short cash amount within permissible time limit as per approval note wherein TAT will be mentioned.
- SOP pertaining to Reconciliation of Office Accounts to be referred.
- Physical verification of cash should be carried out by BOM and above grade staff.
- After tallying, physical cash should be transferred to cash vault under dual control i.e Teller/ Cashier and BOM/ Branch In-Charge within 30 minutes and cash vault should be locked with dual set of keys i.e Set 1 Keys and Set 2 Keys.
- Cash Position report as downloaded by system duly signed by the custodians and BOM/Branch In-Charge should be kept in cash vault at the EOD.
- **Other EOD / Handover process should be completed by 6.00 pm.** In case of any delay in the EOD process to be informed to the cluster office with reason and any further delay is to reported to the Corporate office - Consumer Banking team by the Cluster Office.
- Branch shall send handover request to Turing CBS and take confirmation of handover. Branch should ensure that after receiving confirmation of handover, no financial transaction will be done.
- Branches In-charge shall ensure that branch should be closed within one hour of branch business closure time.
- If there is delay in closing the branch due to any unforeseen circumstance, then the same should be reported to the respective Cluster Manager and approval of the Cluster Manager should be kept on record.

1.18 Cash Round Off at EOD:

At End of Day, as the Turing CBS system does not convert the decimal to nearest rupee, the process of such conversion needs to be handled manually, as under:

Process related to “Cash Round Off Expense” Account:

1. Physical Cash position having excess cash in decimal with comparison to Cash Denomination Report then excess physical decimal amount should be credited to account “Cash Round Off Expense.”

Entries Flow:

Teller Account _____ Dr
“XXXX90001000509 Cash Round Off Expense Account” _____ Cr

Entry Narration: Excess decimal cash

2. Physical Cash position having short cash in decimal with comparison to Cash Denomination Report then short decimal amount should be debited to account “Cash Round Off Expense.”

Entries Flow :

“XXXX90001000509 Cash Round Off Expense Account” _____ Dr
Teller Account _____ Cr

Entry Narration: Short decimal cash

With posting of decimal entry in “Cash Round Off Expense” Account, Cash Denomination Report shall get tallied with Physical Cash Position.

Role of control and monitoring:

Branch: Teller shall ensure that amount posted in the account is pertaining only to decimal round off transaction. Branch Operation Manager / Branch Manager shall monitor the accounts on a daily basis.

Corporate Office: Monthly monitoring shall be done by Consumer Banking Team, Corporate Office.

In case of wrong entry / Reversal:

Any reversal in the “Cash Round Off Expense” account can be posted on the same date of entry after obtaining approval from the Branch Manager. Any reversal in the account from next day onwards should be approved by the Consumer Banking, Corporate Office

“Cash Round Off Expense” account being an expense account, during P/L initialization process, “Cash Round Off Expense” account should be zeroized.

System Level Check: Entry amount should be less than ₹1

Escalation Matrix:

Unresolved Issue	Transaction Date
BOM /BM	T
Cluster	T+2
Consumer Banking Corporate Office, Manager / VP	Monthly
Consumer Banking Head	Immediate Quarter End

1.19 Audit

The Audit department at Corporate Office will conduct audit for various controls. Gaps if any will be identified and reported to the Branch Manager for compliance.

Branch has to check the pending compliance and should comply the pending within 10 days of receipt of compliance requirement and close the compliance.

Branch manager/Branch In-Charge will be responsible and accountable for all the points mentioned above in SOP at Branch level.
